## EXPLANATORY NOTE

This Amendment No. 2 (this “**Amendment No. 2**”) amends and supplements the Schedule 13E-4F (as amended, the “**Schedule 13E-4F**”) filed with the Securities Exchange Commission on August 28, 2018 by Thomson Reuters Corporation (the “**Company**”), a company organized under the laws of Canada, in connection with the Company’s substantial issuer bid/tender offer (the “**SIB**”) pursuant to which the Company offered to purchase from shareholders for cancellation up to US\$9 billion of its outstanding common shares (“**Common Shares**”) at a purchase price that will allow it to purchase the maximum number of common shares properly tendered to the SIB, and not properly withdrawn, having an aggregate purchase price not exceeding US\$9 billion, on and subject to the terms and conditions set forth in the Offer to Purchase and Circular dated August 28, 2018 and the accompanying Letter of Transmittal.

The Schedule 13E-4F is hereby amended and supplemented by adding the following:

- The Company has taken up and purchased for cancellation approximately 138.0 million common shares at a purchase price of US\$47.00 per share, for a total cost of approximately US\$6.5 billion. The shares purchased represented 19.7% of the shares issued and outstanding on a non-diluted basis at the time that the SIB was announced. After giving effect to the SIB, approximately 563 million shares will be issued and outstanding. The Company’s principal shareholder, The Woodbridge Company Limited and its affiliates, made a proportionate tender, which maintained its proportionate equity ownership in the Company at approximately 64% upon completion of the SIB.
- Reference is hereby made to the press release issued by the Company on October 8, 2018, a copy of which is attached hereto as Exhibit 99.12.

**Thomson Reuters Outlines Steps to Complete the Return of US\$10 Billion to Shareholders and Announces Dividend Increase**

*US\$6.5 billion returned under substantial issuer bid/tender offer*

*US\$2.5 billion return of capital and share consolidation expected to be completed in November*

*US\$1 billion to be returned through share buybacks*

*\$0.02 annualized dividend increase effective in Q4 2018, 25<sup>th</sup> consecutive year of increases*

**TORONTO, October 8, 2018** – Thomson Reuters (TSX/NYSE: TRI) today finalized its planned uses of proceeds from the recently completed sale of a 55% interest in its Financial & Risk (F&R) business. The company also announced that its Board of Directors approved an US\$0.02 annualized dividend increase to US\$1.40 per share.

As previously disclosed, the company is in the process of returning US\$10 billion of the F&R transaction proceeds to its shareholders through a combination of the following steps:

- Approximately US\$6.5 billion is being returned in connection with the settlement of its substantial issuer bid/tender offer (SIB) on or around October 9.
- Approximately US\$2.5 billion will be returned to its shareholders through a return of capital transaction consisting of a cash distribution of US\$4.45 per common share and a share consolidation, or “reverse stock split”, which will reduce the number of outstanding common shares on a basis that is proportional to the cash distribution.
- Approximately US\$1 billion will be returned to shareholders through share repurchases under its normal course issuer bid (NCIB). US\$556 million of this amount has been repurchased this year and an additional US\$444 million of shares is expected to be repurchased later this year and in 2019.

Approximately US\$4 billion of debt has been repaid since closing the F&R transaction (including through a recently completed debt redemption and debt tender offer).

The company plans to maintain approximately US\$2 billion of cash on its balance sheet to fund focused acquisitions and utilize approximately US\$1 billion to cover F&R transaction-related expenses, including cash taxes, pension contributions, bond redemption costs, one-time costs and other fees and outflows related to the transaction.

**Final Results of Substantial Issuer Bid/Tender Offer**

Thomson Reuters has taken up and purchased for cancellation approximately 138.0 million common shares at a purchase price of US\$47.00 per share, for a total cost of approximately US\$6.5 billion. The shares purchased represented 19.7% of the shares issued and outstanding on a non-diluted basis at the time that the SIB was announced in late August. After giving effect to the SIB, approximately 563 million shares will be issued and outstanding. The company’s principal shareholder, The Woodbridge Company Limited and its affiliates (Woodbridge), made a proportionate tender, which maintained its proportionate equity ownership in Thomson Reuters at approximately 64% upon completion of the SIB.

Payment and settlement for the purchased shares will be effected by Computershare Trust Company of Canada in accordance with settlement procedures described in the SIB and applicable law. The full details of the SIB are described in the offer to purchase and issuer bid circular dated as of August 28, 2018, letter of transmittal, notice of guaranteed delivery and other related documents.

To assist shareholders in determining the tax consequences of the SIB, Thomson Reuters estimates that for the purposes of the *Income Tax Act* (Canada), the paid-up capital per common share was approximately C\$13.32 and the “specified amount” (for purposes of subsection 191(4) of the *Income Tax Act* (Canada)) was C\$58.96 as of October 2, 2018.

**Return of Capital Transaction**

Thomson Reuters also announced that a special meeting of shareholders will be held on Monday, November 19, 2018 at 2:00 p.m. (Toronto time) where shareholders will be asked to approve the distribution of US\$4.45 in cash per common share, or approximately US\$2.5 billion in the aggregate, to holders of common shares and a consolidation of outstanding common shares (or “reverse stock split”) on a basis that is proportional to the cash distribution. To that end, the share consolidation ratio will be based on the volume weighed average trading price of the common shares on the New York Stock Exchange for the five trading days immediately prior to the return of capital becoming effective.

*Return of Capital Transaction—Using Illustrative Share Consolidation Ratio*

- (1) The share consolidation ratio used in this example is for illustrative purposes only. The actual share consolidation ratio will be based on the volume weighed average trading price of the common shares on the NYSE for the five trading days immediately prior to the return of capital becoming effective. The ratio in this example is based on a share price of US\$46.69, which was the closing price of the common shares on the NYSE on October 5, 2018 (the last trading day prior to this announcement).
- (2) As disclosed above, only taxable non-Canadian resident shareholders (which include taxable U.S. resident shareholders and others) will be able to opt out of the transaction.
- (3) Fractional shares will not be issued as part of the transaction, subject to certain exceptions disclosed in the management proxy circular. Shareholders will receive the value of any fractional shares in cash.
- (4) This example does not address tax consequences to shareholders.

The proposed transaction is intended to distribute cash on a basis that is generally expected to be tax-free for Canadian tax purposes. **Taxable non-Canadian resident shareholders (which include taxable U.S. resident shareholders and others) will be able to opt out of the transaction.** This right to opt out is being provided to those shareholders because in jurisdictions other than Canada the tax consequences of not participating in the transaction may be preferable to those associated with participating in the transaction. A taxable non-Canadian resident shareholder that chooses to opt out will not receive the cash distribution and will continue to hold the same number of Thomson Reuters shares that they currently hold. Taxable non-Canadian resident shareholders are strongly urged to read the management proxy circular and other related materials carefully and to consult with their financial, tax and legal advisors prior to making any decision with respect to the transaction.

The proposed transaction requires approval by at least two-thirds of the votes cast at the special meeting. The board of directors of the company is unanimously recommending that shareholders vote in favor. Woodbridge has indicated that it plans to do so and, accordingly, it is expected that the shareholder vote will pass. The transaction also requires the approval of the Ontario Superior Court of Justice (Commercial List). If shareholder and court approval are obtained, Thomson Reuters expects to effect the proposed transaction by the end of November.

Full details of the proposed transaction will be described in the company’s management proxy circular and other related materials. Those documents are expected to be mailed to shareholders, filed with applicable Canadian securities
